2019 Ether Social Network Report

2019 Ether Social Network(ESN) Report

Intro

The aim of this report is to inform ESN contributors(Holders, Miners, Developers and all of the community members) about the events and the tasks in the year of 2019.

Goal for 2019

ESN foundation takes over the work that the formal operator(Geminis Inc) were doing, and must look ahead and seek sustainable blockchain network that can truly benefit all contributors.

Business Parts[1]

- ESN foundation establishment (Corp. with five Co-CEO)
- Transferred the balance of the ESN from Geminis Inc to ESN foundation
- Participation in the Hey Blockchain(SONGDO)
- Listed on the BITin exchange (KRW market)
- Retirement of three million ESNs
- Listed on the Dove wallet as an official exchange

Development Parts[2]

- Release various wallets and improvement

  (Mist, MyEtherWallet, iOS, Windows, Telegram, Discord and so on)
- Improvement explorer
- Develop the ProgPow and testing
- Develop the Ddengle wallet and beta testing
- Develop the Content version management and apply to the ddengle.com

Summary financial statements[3]

- Take over 36,506,068 ESNs from Geminis Inc
- 4,469,228 ESN have been used in 2019 (incl. Retirement of three million ESNs)
- Current balance 32,036,840 ESNs (31st.Dec.2019)

[2] refer to the 3~4 pages for more details

[3] refer to the 5 page and the attached document for more details

The detail of the business parts

The 1st half

FEB Transferred various ownerships(Wallets, Domain names and etc) to ESN foundation

FEB Establishment ESN foundation

MAR Payment event ESN 30% off

MAR Launching designated driving service for ESN

MAR Offer to list on the BXXX exchange

APR Offer to list on the IXXX exchange

APR Offer to list on the CXXX exchange

APR Event for the three million blocks

MAY Participation in the Hey Blockchain(SONGDO)

MAY Offer to list on the HUXXXX exchange

JUN List on the BITin exchange

JUN Employ marketing specialist

JUN Retirement of three million ESNs

JUN Release the Money shuttle card for the ESN - pending now

The 2nd half

JUL Offline meetup (a.k.a The night of the ddengler)

AUG List on the Dove wallet as an official exchange

SEP Resign one of a board member

SEP Move to the new office (Gasan Digital Complex)

SEP Event for the four million blocks

OCT Join a new board member

OCT Process of the event regularly on ddengle.com every Friday

NOV Sign an MOU with D Coin exchange

NOV Sign an MOU with Coin Bridge Wallet

DEC Register on the Xangle

DEC Apply for the Blockchain support centre - dropped

The detail of the development parts

The 1st half

JAN Support for the multi-signature wallet (https://multisig.esnnode.org)

FEB Submit PR to merge with ProgPoW + ethash and test to build (@hackyminer)

FEB Improve https://stats.ethersocial.org (add the status of the block graph)

FEB Design a reward system for community(a.k.a ddengle wallet)

MAR Submit PR to edit an error on the ethersocial.net

MAR Apply the block stats and netstats theme

MAR Fix issues the Trezor One errors on the Myetherwaller V5

MAR Update explorer features(RichList and etc) https://www.ddengle.com/esn/10968578

MAR Apply improvements for the explorer (https://www.ddengle.com/esn/10985569)

MAR Apply to continuous integration system for various ESN projects (v0.3.12)

MAR Update Mist wallet and apply Travis-CI / Circle CI (support to MacOS build)

APR Support Mist installer for windows

APR Release Mist wallet

APR Fix issue the geth error on the MacOS X

APR Release Gesn v.0.3.13

APR Check the boot node and add a global node

APR Add to apply into the TrustWallet core

APR Submit PR to Myetherwallet (v5 32bits chainId support issue)

APR Add features for telegram TipBot(ESN transfer and etc) https://www.ddengle.com/esn/11208486

APR Submit PR to fix issue about the dpath error with the Myetherwallet HD wallet
(https://mewv5.ethersocial.net)

APR Support devp2p + netstats

APR Add an Asia boot node

MAY Refactoring open-ethereum-pool for supporting the ProgPoW and testing the pool
(https://pool.ethersocial.network)

MAY Fix balance issue on the old-wallet (https://www.ddengle.com/esn/11128600)

MAY Readjust GasLimit Value

MAY Development completed iOS Wallet (by TopMining), Register App Store

MAY Improve to support Parity client

JUN Support to add ESN to the cpp-ethereum

The 2nd half

JUL Introduce the warning of the 51% attack (https://www.ddengle.com/11333874)

JUL Build a prototype for the warning of the 51% attack

AUG Open the source code for Telegram TipBot
(https://github.com/EthersocialNetwork/discord-tip-bot/tree/esn-support)

SEP Improve explorer (https://www.ddengle.com/11537628)

SEP Build a prototype for the smart contract of the Fingerprint

SEP Release smart contact for the event on ddengle.com (apply and draw)

SEP Update node client v0.4.0

OCT Improve explorer https://www.ddengle.com/esn/11462035

OCT Review the policy of issue amount (unchanged since last)

OCT Build a prototype for contents score system (apply on the ddengle.com for testing)

OCT Beta testing the ddengle wallet

OCT Update node client v0.4.1 (https://github.com/Ethersocial/go-ethersocial/releases/tag/v0.4.1-esn)

Research & contribute open source eco-system

- Develop a Dual pool prototype (in progress) https://www.ddengle.com/11448334
- Support Ethereum aleth client https://github.com/EthersocialNetwork/aleth/tree/misc-fixes
- Merge Ethereum geth client https://github.com/ethereum/go-ethereum/pull/18950
- Merge Ethereum Classic explorer (apply latest version for web3 2.0.0-alpha) https://github.com/ethereumclassic/explorer/pull/327
- More details (https://www.ddengle.com/esn/11703392)

The detail of the financial statement

25th.FEB.2019 ~ 31st.DEC.2019[4]

NO	INCOME		EXPENSE	
1	buying ESN on exchange	634,556 ESN	burning	3,000,000 ESN
2	income on ddengle.com	125,690 ESN	bounty for board members	485,004 ESN
3	swap ddengle cash	37,978 ESN	bounty for developer	902,503 ESN
4	ddengle ads	20,000 ESN	bounty for marketing	14,001 ESN
5	ddengle event	3,418 ESN	events with 3rd parties	671,074 ESN
6	etc	21,384 ESN	event for 3M blocks	60,000 ESN
7			event for 4M blocks	80,000 ESN
8			operation for ddengle	29,733 ESN
9			swap ddengle cash	34,700 ESN
10			offer to ddengle sponsor	66,557 ESN
11			payment canceled	(31,318 ESN)
subtotal		**843,026 ESN**		**5,312,254 ESN**
used				**(4,469,228 ESN)**
initial balance				**36,506,068 ESN**
balance				**32,036,840 ESN**
